SYRACUSE INVESTS MILLIONS THERE

Lyman C. Smith the Heaviest Property Owner in Seattle—J. W. Clise Tells of the City's Growth.

J. W. Clise, president of the Chamber of Commerce of Seattle, Wash., who represents in Seattle the real estate interests of Eastern capitalists, among whom are Lyman C. Smith, W. L. Smith, William Nottingham and C. D. Beebe of this city, is at the Yats.

"Roughly speaking, I should say there is nearly \$2,000,000 of Syracuse capital invested in Seattle real estate," said Mr. Clise last evening. "The investment of Lyman C. Smith, who is the largest property owner in Seattle, was made at a time just prior to the great advance which has taken place in all kinds of business property in Seattle.

"It is a conservative statement that Mr. Smith's property has advanced in value fully half a million dollars during a period of less than three years. The other Syracuse men invested at a more recent date, but their property has advanced proportionately.

"There are a great many Eastern people in Seattle, including a number from Syracuse, who are prospering financially. Max Umbrecht, who has been in Seattle only a short time, is constructing more business blocks than any other architect in the city. He has just finished building his second block and has three more under way.

"Arthur Bond, another former Syracuse man, is assistant superintendent of the Snoqualmie Electric Power plant, which supplies light and power to all the coast cities in the vicinity. The plant is much on the same plan as the one at

Ningra, except that it has a fall of over 100 feet more.

Seattle is prosperous. "Seattle is a remarkably prosperous city of a little over 300,000 population. It is the principal commercial city of the West. Its very substantial growth has been due to its location and to the trade which has come to it on that account.

"The generally recognized field for commercial development to-day is in the West. The addition of the policy of the Philippine Islands has resulted in stimulating to a great degree the business of the entire Pacific Coast. The State of Washington enters the race for commercial supremacy of the West with all the coal on the Pacific Coast lying within its borders.

"While the opening and development of Alaska has been of very great importance and is well known to the people of the East it is, however, but an incident compared with the growth of the farther West. This growth, I believe, is being hastened for it is of a healthy and natural form.

"From Seattle two vessels on an average are loaded every day for Alaska. The returns for the United States Assay Office show that 7,000 men returning during the past year from the Alaskan gold fields deposited approximately \$23,000,000 in Seattle.

"The growth of Seattle is illustrated by the fact that during the depressed financial period several years ago the bank deposits aggregated less than \$1,000,000, while to-day they exceed \$17,000,000. The bank clearings show it to be the second city in commerce west of Denver."

A. Judt, Northrup, James H. Hamilton, C. H. Lewis, Frederick R. Hazard, William Nottingham, Ezekiel W. Munly, William S. Jenney and Albert P. Fowler. The annual meetings will be held this Thursday in September. About 200 prominent Syracuseans signed the certificate.

SYRACUSE COMPANY WILL NOT COMPROMISE

Proposes to Work Asphalt Concession in Spite of Opposition.

Washington, Jan. 23.—The State Department has decided to maintain an attitude of exact neutrality as between the claims of the two asphalt companies in Venezuela.

Former Senator Frank Hiscock, representing the Warner-Quinlan Asphalt Syndicate, and General Francis V. Greene, who represents the New York and Bermuda Company, appeared today before Secretary Penfield of the State Department. The two indulged in a colloquy characterized by some warmth of expression, the outcome of which was a disclosure of the purpose of the Warner-Quinlan people to reject any offers of compromise and to go on working their concession in defiance of even forcible measures on the part of the opposition.

HURL GETS VERDICT FOR SIX THOUSAND

Claimed to Have Been Hurt in a Railroad Collision at Buffalo.

A verdict for \$6,000 was given the plaintiff yesterday in the case of Albert Hurl against the New York Central Railroad Company. The case was tried before Justice Andrews, Attorneys W. S. Jenney and Peter B. Cole appearing for the plaintiff.

Hurl was thrown from a caboose by the collision of the train to which it was attached and an engine on the belt line in Buffalo. He was stationed on the caboose to watch the train. He claimed that the fall injured the sciatic nerve, which resulted in lameness and curvature of the spine.

ADJOURNED TO MEET HERE NEXT YEAR

Co-operative Insurance Company Concludes Its Annual Meeting.

The annual meeting of the Co-operative Insurance Company was held at the Empire Hotel yesterday, about forty agents attending. The insurance men were welcomed by Martin L. Yarn, president of the Common Council.

C. B. Stanton was re-elected president. W. H. Berry was elected vice president, succeeding H. W. Knox. J. H. Theall, who formerly held the office of secretary-treasurer, was elected secretary, and George Hopkins was elected treasurer.

Committee Re-elected. Legislative Committee chairman Wyckoff, D. P. Witter, J. H. Bagley, H. L. Ambler, A. W. Litchard, D. B. Frisbie, C. S. Plank, C. H. Stanton and H. W. Knox; adviser to committee, Thomas T. Betts; Committee of Arrangements, Jonathan Wyckoff and C. E. Hall.

The report of the treasurer showed a large amount on hand and it was moved that the dues for the year 1901 be dispensed with. A discussion followed and it was finally decided to reduce the dues from \$3 to \$2 for this year.

At the evening session the insurance outlook was discussed. The convention adjourned to meet in this city January 1, 1902.

SALARY OF ASSESSORS SAME AS LAST YEAR

Pay Roll Sent in to the Civil Service Board.

The pay roll for the office of the Assessors was yesterday sent to the Municipal Civil Service Commission for certification for January. It provided for the payment of the same salaries as last year, \$2,000 for each of the Assessors and so on down. No salaries will be paid until after the adoption of the city tax budget by the Common Council, and then the Comptroller will pay salaries only in such amount as is provided for in the budget, disregarding last year's figures.

JURY FAILS TO AGREE

Case of A. A. Graff Against Watson & Bagg in Municipal Court.

The jury in the case of Aaron A. Graff against Watson & Bagg, late proprietors of the Dunfee Theater, disagreed and were discharged by Judge Ryan at 11 o'clock last night. The action was brought to recover \$44,116. Of this the defendants admitted owing \$20,000. The claim was for a part of the bonus which the defendants agreed to pay Mr. Graff for the lease of the theater and party for furniture which was at the theater.

The defendants claimed that the fire which destroyed the theater relieved them from making the subsequent payments on the bonus, and they also claimed that part of the furniture had been paid. Louis P. Lang with Frank W. Miller of Buffalo were attorneys for Charles M. Bagg, the only one of the defendants who appeared. Rubin & Tierney appeared for the plaintiff.

The case was given to the jury at 6 o'clock. At that time Judge Ryan asked them if they wanted supper first, and they voted in the negative. After two hours of confinement in the jury room they changed their minds and were given supper. It was stated after they were discharged that they stood five for the defendant and one for the plaintiff.

Case Still Left on Calendar. When the case of Michael O'Shaughnessy against the city was called when the calendar for to-day was being made up in Supreme Court yesterday, Assistant Corporation Counsel M. L. McCarthy said that Health Officer Thomas was a necessary witness in the case and that he had the smallest cases on his hands. He doubted if the court wanted such a witness. The case, however, was left on the calendar, as the plaintiff wanted to try it if possible.

NEW HOUSE ON COLLEGE HILL

A Family Residence to Be Erected for E. P. Fife.

OF DUTCH COLONIAL STYLE

It Will Be Completed Next August—Foundation of Franklin County Blue Limestone—Houses in Fitch Street Purchased by Albert J. Moore—Good Demand for Rental Property Is Reported.

E. P. Fife is having plans prepared in the office of Wellington W. Taber and F. C. Draper, associate architects, for a large one-family house to be erected on the southeast corner of South Cross and Waverly avenues. On either side are new houses owned and erected by Mr. Fife.

The house will be especially adapted to the corner lot and in style will border on the Dutch Colonial. It will cost \$5,000, and Mr. Fife expects to occupy it for a family residence. The ground will be broken for the foundation as soon as the weather permits and the structure will be completed August 1.

The foundation is to be laid with Franklin County blue limestone and the porch steps and pillars will be of the same material.

The first floor will contain a reception hall, parlor, sitting room, dining room, kitchen and pantries. The hall, dining room and sitting room will be finished in white quartered oak and the parlor in either cherry or curly birch.

The second floor will contain a large hall with a Turkish room and three large bedrooms, one small bedroom and a bath. The entire floor will be done in enamel tints to match the decorations. On the third floor will be two bedrooms and a cedar closet. When completed it will be one of the finest residences in that part of the city.

Fitch Street Houses Sold. The property at Nos. 112 and 114 Fitch street was purchased yesterday by Albert J. Moore from Mrs. Helen Messer. It consists of two modern nine room houses and each lot has a frontage of forty feet and is 100 feet deep. The consideration is not made public. The houses are to be sold by auction and were bought by Mr. Moore for investment.

Mr. Fife closed the deal. Mr. Fife said yesterday that there was an increased demand for well located rental property. Property of this sort is being purchased for investment, and the fact that there is a better demand for desirable houses indicates that it is cheaper to buy houses ready to occupy than to buy a lot and build.

BOYS STARTED FIRE TO WARM THEMSELVES

Ice House Caught, but Little Damage Was Done.

The sheds belonging to Robert Ballard and used as an ice house, located in West Newell street, were discovered to be on fire about 10.15 o'clock last evening and an alarm was sent in from box 262 at Midland and West Brighton avenues.

The fire was caused by several small boys starting a bonfire in the ice house in order that they might warm themselves after skating on the small pond in the rear of the place. The loss will not exceed \$5.

Children Rescued from the Flames. The home of David Rubenstein at No. 305 Almond street was damaged slightly by fire at 9 o'clock yesterday morning.

The fire was confined to a clothes press. Before the arrival of the department the fire was extinguished by Engine Company No. 1 carried several small children out of the house. They were almost overcome by smoke.

FIVE NEW MEMBERS JOIN THE UNION

Twenty Waiters Now in the Organization—Colored Waiters to Organize.

The newly organized Hotel, Restaurant and Club Waiters' Union met Tuesday afternoon in Bartenders' Hall and initiated five new members and received seven applications for membership. The new union now has twenty members.

A meeting of the colored waiters will be held Friday at headquarters at 100 North Market street, when a union will probably be organized. A meeting of the waitresses is also under consideration by J. R. Michaels, organizer and president of Bartenders' International Union.

Bartenders' League met last evening, when the Hall Committee reported that the affair was a big financial success.

Sues for Death of Husband. Mary Dunne, as administratrix of the estate of Edward Dunne, has brought suit against Henry P. Ryan for \$15,000 damages for the death of her husband. The defendant is the contractor building the Herkimer Hotel at Seymour and West Onondaga streets and employs Mr. Dunne on the building. He was killed by falling from a scaffold, which is alleged to have been carelessly constructed. M. E. & G. W. Delaney are the attorneys. The defendant has twenty days in which to serve an answer, which will probably set up contributory negligence and assumed risk.

Fifth Ward Club to Dance. The fifth annual ball of the Fifth Ward Men's Club will be held this evening at Gilchrist's hall at Butterum and Lodi streets. Extensive preparations have been made to make this the largest and most successful of the annual parties.

Home Mission Tea Postponed. The Home Mission tea, which was to have been given by the women of the First Baptist Church at the residence of Mrs. C. E. Donner, No. 212 Onondaga street, to-morrow afternoon, has been postponed for one week.

Reception to Rev. W. P. Lawrence. A farewell reception will be given to Rev. W. P. Lawrence, pastor of the Bethany Baptist Church, and wife next Tuesday evening before leaving for their new field of labor in Elizabeth, N. J.

TALK OVER CANAL POLICY

Prominent Men of the State Meet at Albany.

WANT WATERWAYS IMPROVED

Majority of These Present Favor That Ton Barge Canal—Believes the Project Should Be Advanced Slowly—Report That Opposition Is Diminishing—G. H. Raymond of Buffalo One of the Active Workers.

[Special to The Post-Standard.] Albany, Jan. 23.—The first move on the part of the friends of the canal to offset the work of those who are opposed to the improvement of the State waterways was made to-day when a number of prominent forwarders from New York city, Buffalo and other cities met here to discuss informally the canal policy of the State. The opponents of the canals have been busy for the past fortnight.

Senator Ambler and Assemblyman Hatch have introduced concurrent resolutions proposing an amendment to the Constitution which will remove the prohibition against the sale of the canals. As at present drawn, those resolutions will permit the sale of the canals to anyone who wants to buy them, as they leave it entirely within the province of the State Land Board to sell them.

At one time it was proposed to amend the Constitution so as to permit the sale of the canals to the general government upon condition that it should forever maintain them as free waterways. This proposition did not go through. The new plan makes no restrictions upon the sale of the canals whatever, and the canal men are very much opposed to it.

East is Not Wanted. They want the canals improved and most of them are in favor of the 1,000-ton barge canal project. They are not disposed, however, to insist upon any haste in the consideration of the subject. They admit that it is a big undertaking, and they are willing to have the people take plenty of time to consider the plan fully in all its bearings, to favor a campaign of education as it were.

They report as the plan is becoming better understood that opposition to it is diminishing and they believe that when it is fully understood there will not be any opposition to it. The State is paying for the canal at large, whether they live in New York city, along the line of the canal, or in the counties off the line of the canal.

G. H. Raymond of Buffalo, who was one of the most active workers for the passage of the \$200,000 survey of the canal project, met to-day and talked at length upon the present canal plan.

TWO CASES OF SMALLPOX AT THE CITY HOSPITAL

Health Authorities Take Measures to Prevent Spread of Disease.

George Snyder, a milk peddler, and Kate McCarthy, a waitress, were taken to the City Hospital last evening, both suffering with smallpox. Snyder was taken from St. Joseph's Hospital, where he had been confined in a private room, and Miss McCarthy was taken from an upper floor of the Milk Association Building. The former case is the more serious. The health authorities have taken every precaution against a spread of the disease. The hospital authorities also took active measures to disinfect the room where Snyder was confined and, as he had been isolated, the hospital physicians say they have nothing to fear there.

Sixty-eight patients in the hospital are under quarantine at the Milk Association Building and they have all been vaccinated, as have also the patients at St. Joseph's Hospital who were able. The prisoners at the Penitentiary were vaccinated last evening by Dr. W. J. Wertheim. The City Hospital has been repainted and redecorated, and provided with new bedding. Two nurses have been engaged.

Milk Quarters Transferred. The officials of the Milk Association have transferred their delivery and retail business from its present location to the office of the Syracuse Co-operative Milk and Cream Supply Company, whose lease they purchased last week. None of the present employees of the company will take part in the business except those living outside the Milk Association Block. The restaurant is to be continued as it is connected in no way with the part of the building in which the patients lived.

Vanderbilt Changes Hands To-day. The Vanderbilt Hotel will be placed under its new management this morning, but just what will be the changes has not yet been given out. In all probability, however, E. M. French and his brother of New York will own the property and Milk Clerk Live will remain either as manager or chief clerk. As was stated in yesterday's Post-Standard, there is a plan on foot to have an agreement between the managers. It is understood that the liquor tax certificate will be in the hands of the new management this morning.

Adopt a Child. Papers were filed with County Clerk Hubbell yesterday by Mrs. and Mrs. H. C. DeWitt of Hyde Park, N. Y., who have adopted a child, Beatrice Vivian Eukley, a child less than 12 years of age. The adoption is on the consent of the child's mother, Mrs. Isabel E. Bulkley, and the child will assume the name of Beatrice Vivian Holden.

Dear Mites to Dance. The Syracuse Deaf Mute Social Club will hold a prize ball in Andrews' Hall this evening. A large number of prizes have been donated by the merchants of the city, which will be given the holders of tickets. Prizes will be given the best lady and men waiters.

Men's and boys' clothing going at 50c on dollar, Kearney Bros.

Women Arrested in a Saloon. Assistant Chief of Police O'Brien arrested two white women yesterday afternoon at a saloon in East Water street, which it is alleged, they frequented in company with colored men. They were held for examination this morning.

Terms Expire This Month. The terms of the 350 Commissioners of Deeds for Syracuse expire January 23, at which time reappointment will be made by the Mayor.

Will Arrange for a Social. The Ladies' Aid Society of Pilgrim Chapel will meet to-morrow afternoon at the home of Mrs. Bishop, No. 24 Gifford street. Arrangements will be completed for a butterfly social to be held in the chapel next Thursday evening.

Progressive Euchre Party. The Ladies' Aid of the First Society of Spiritualists will give a progressive euchre party in Dr. Barton's parlors, No. 252 South Water street, to-morrow evening. Supper will be served and prizes given.

Entertainment by Salvation Army. An entertainment entitled "The Progression" and "The Elder Brother" will be given by the Salvation Army at its hall, No. 311 South Clinton street, at 8 o'clock this evening.

Asked to Speak at Brooklyn. Mayor McGuire has received an invitation to go to Brooklyn, March 2, to deliver the 23rd Emmet address at the Blou Theater.
